# Task List

The screenshot shows a web-based task management application. At the top left is the logo 'GXON'. On the right, there's a user profile for 'Andaru karyawan' with a small profile picture. The main area has a header 'Task' with a 'Dashboard' link and a '+ Tambah Data' button. Below this is a table titled 'Task' with columns: Project, Title, Description, Priority, Deadline, Overdue, Status, and Action. The table contains 8 rows of task data. The 'Action' column includes edit and delete icons. A sidebar on the left lists 'KARYAWAN' and 'Task' (with 101 items), and a 'Summary' section. At the bottom left is a 'LOGOUT' button.

Anda dapat melihat task list mulai dari nama project, title task, deskripsi, priority, deadline, overdue (keterlambatan project) dan status task.

# Add Task

The screenshot shows a web-based application interface for managing tasks. On the left, there's a sidebar with a logo 'GXON', a 'Dashboard' button, and a 'KARYAWAN' section containing a 'Task' button with the number '101' and a 'Summary' link. At the bottom of the sidebar are 'LOGOUT' and 'Implement user authentication' buttons. The main area has a header with a search bar and navigation buttons for 'Overdue', 'Status', and 'Action'. Below this is a table listing tasks with columns for status ('Overdue'), status ('Review', 'Doing', 'Review', 'Review', 'Review', 'Review', 'Review', 'Review', 'Review'), action icons (edit, delete), and a date column showing '2025-02-15'. A modal window titled 'Tambah Data Task' is open in the center. It contains fields for 'Project' (set to 'Alpha'), 'Title' (empty), 'Description' (empty), 'Priority' (set to 'Pilih'), 'Deadline' (empty), and 'Status' (set to 'Pilih'). A green 'Submit' button is at the bottom right of the modal.

Isi data yg harus dilengkapi seperti pilih project, title, deskripsi, hingga status. Perlu dicatat bahwa bila project tidak tertera silahkan hubungi admin agar data di input terlebih dahulu.

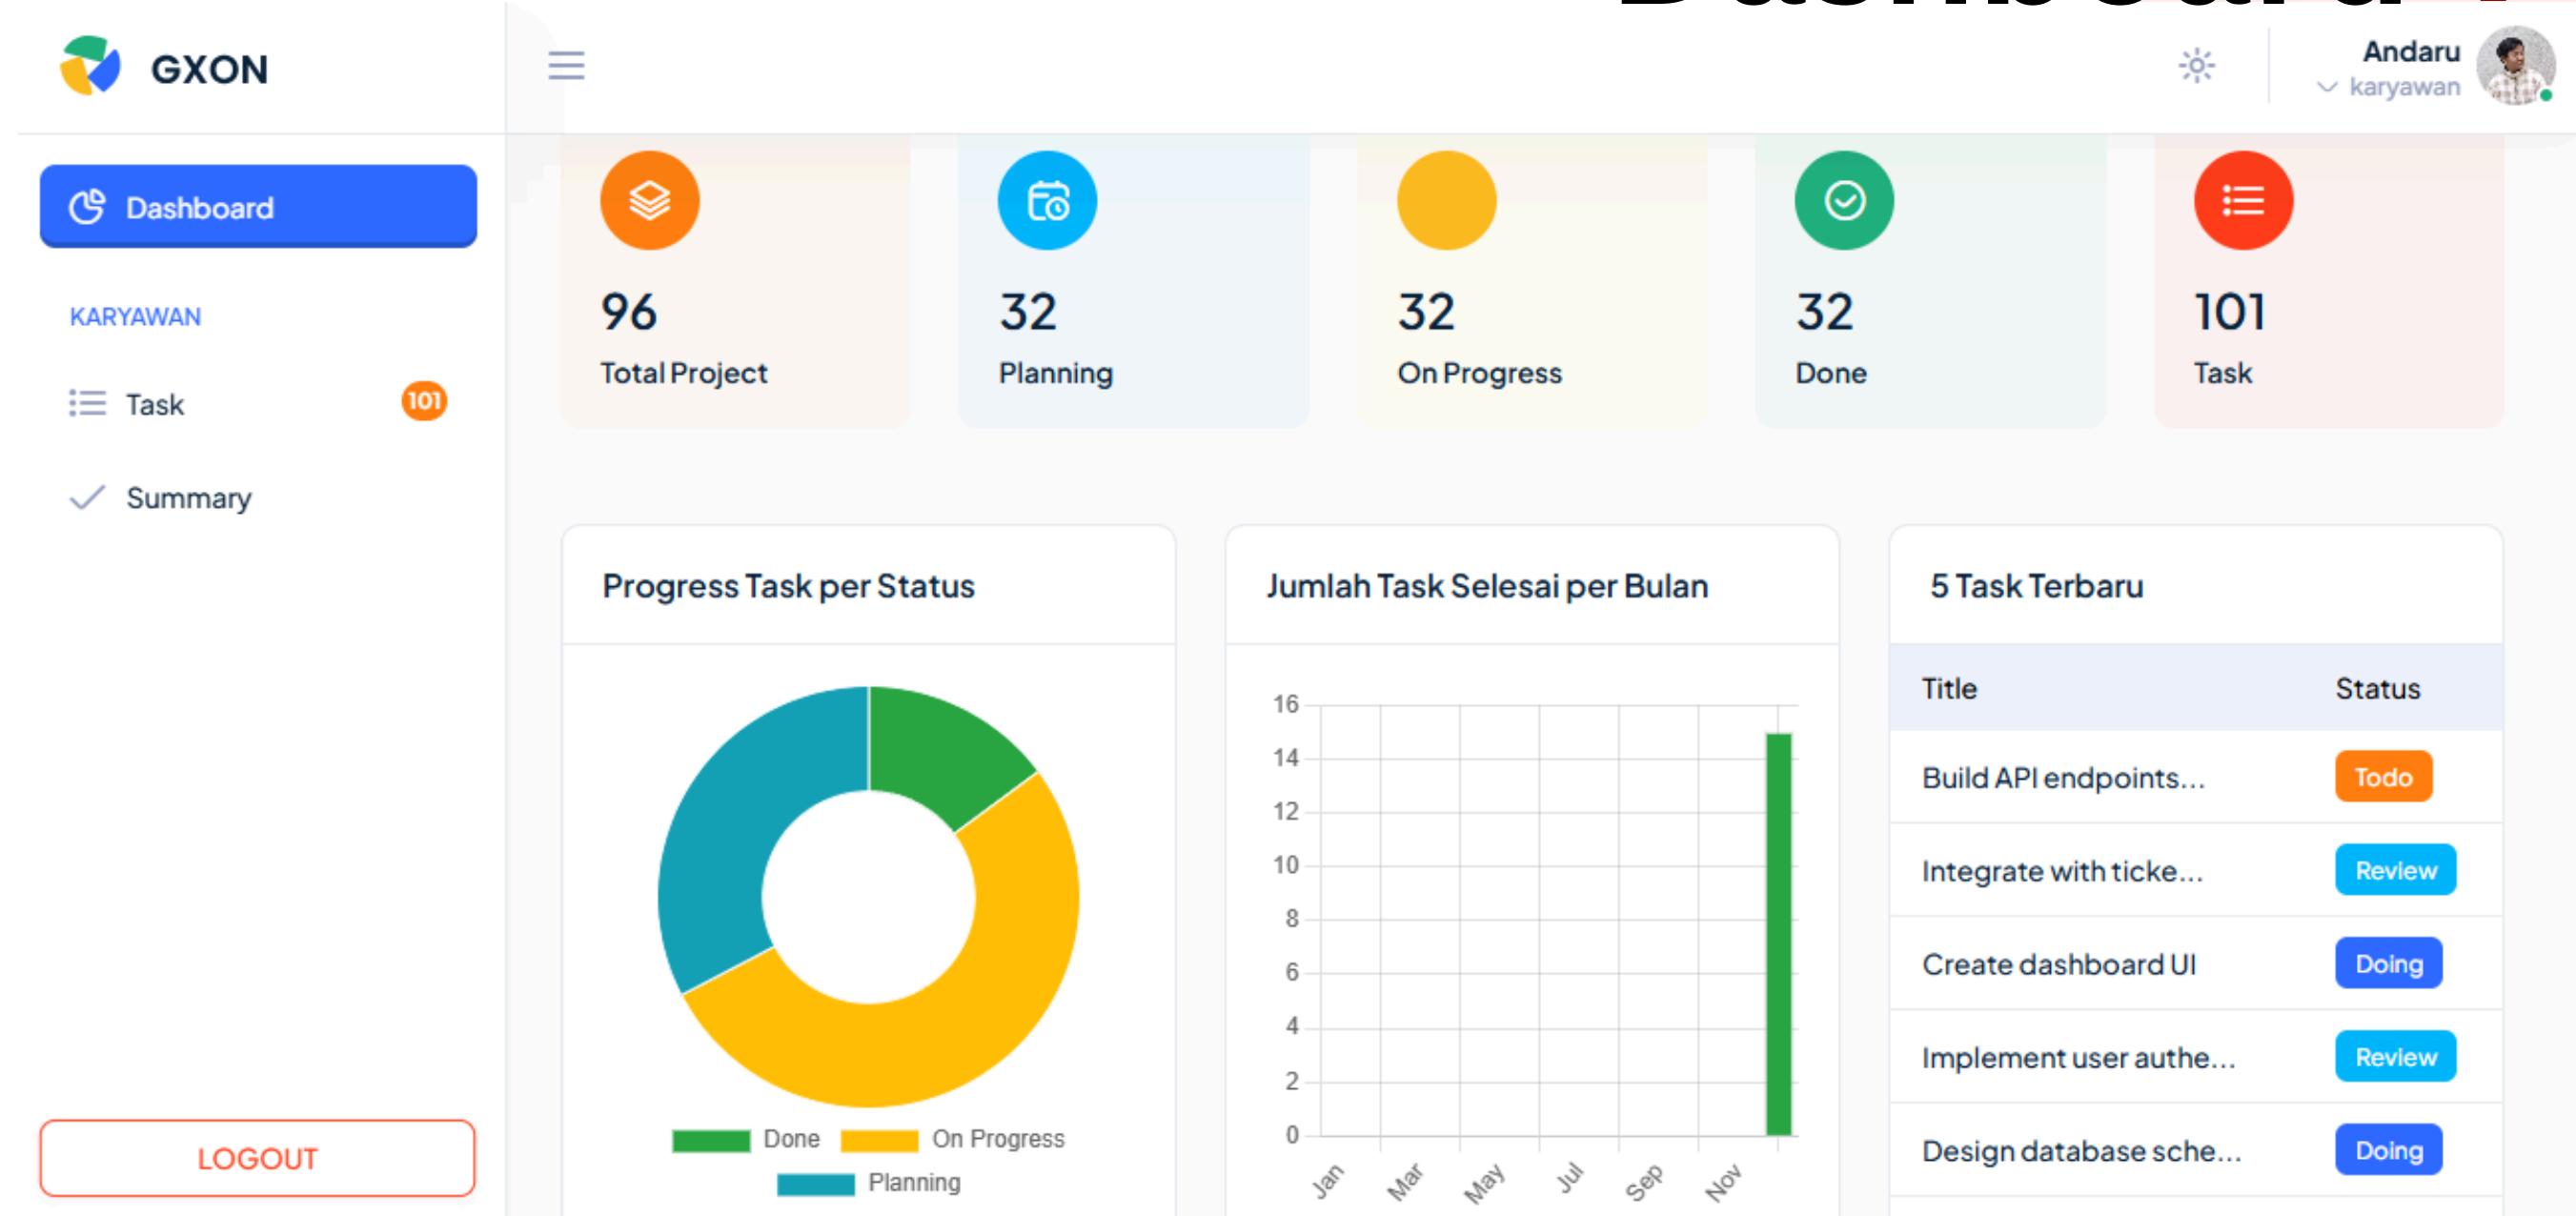

# Update Task

The screenshot shows a task management application interface. On the left, there's a sidebar with a logo 'GXON', a 'Dashboard' button, and a 'KARYAWAN' section containing 'Task' (101), 'Summary', and 'LOGOUT'. The main area has a 'Task' header with a '+ Tambah Data' button. A modal window titled 'Edit Data Task' is open, showing fields for 'Project' (Alpha), 'Title' (Setup initial project structure), 'Description' (Create directories, configure .env, install dependencies.), 'Priority' (Medium), 'Deadline' (01/20/2025), and 'Status' (Review). At the bottom of the modal is a green 'Update' button. To the right of the modal, there's a table listing tasks with columns for 'Overdue', 'Status', and 'Action'. Each row contains a red 'Overdue' button, a colored status button (blue for Doing, orange for Todo, teal for Review), and a green edit icon and red delete icon.

| Overdue | Status | Action |
|---------|--------|--------|
| Overdue | Review |        |
| Overdue | Doing  |        |
| Overdue | Review |        |
| Overdue | Todo   |        |
| Overdue | Doing  |        |
| Overdue | Review |        |
| Overdue | Doing  |        |
| Overdue | Review |        |

Data dapat di perbarui mulai dari project, hingga status task.

# Dashboard Page

Pada dashboard, anda bisa melihat berapa banyak project, planning, on progress, done, hingga task. Dilengkapi dengan donut chart untuk perbandingan status project, statistik project selesai perbulan.
